

Heavy Duty Mechanic

Nanaimo/Parksville, BC

The Company

A private timber management business, Island Timberlands LP grows and harvests high quality timber and other forest products in coastal British Columbia for our customers throughout the Pacific Rim.

The Opportunity

You will be an integral part of the maintenance team that services and repairs our logging equipment and fleet of logging trucks. A strong team player you have a proven track record as a safe, reliable and productive worker. A welding certificate and experience with Finning and/or Kenworth equipment or other coastal logging equipment would be an asset but is not essential. This position is for a certified (Red Seal) HD Mechanic on the night shift crew (woods mechanic).

For more information, visit our website at www.islandtimberlands.com.

Please direct resumes to opportunities@islandtimberlands.com quoting the position applied to

Closing date is January 19th, 2018

Only those selected for interviews will be contacted.

Thank you for your interest in Island Timberlands LP
